WORK UNIT GUIDE

PROPOSAL, OPPORTUNITY, AND RELATED FEDERAL WORK	RECURRING REPORTING
1 unit: Short repeat-format RFI, RFQ, or data call; short requisition, form, or update to an existing document	1 unit each month under Complete Federal Operations: 1 standard reporting engagement: 1 contract or reporting workflow, up to 12 contributors, up to 4 weekly collection rounds, 1 monthly report, 1 optimized past-performance library update, and 1 ordinary revision
2 units: Standard RFI, RFQ, or RFP; new capability statement; standard capability matrix	+0.5 unit each month: Each additional 1 to 12 contributors
4 units: Substantial or complex response	+1 unit each month: Each additional separately required report package
6 or more units, confirmed before work: Major multi-volume response or new complex workflow	+0.5 to 1 unit each month: Sustained exception-heavy or financially complex reporting, approved before a future period begins

ADDITIONS AND BOUNDARIES

- Additional Work Unit: \$500; half-unit: \$250. Additional opportunity-monitoring capacity is \$500 per month for up to 5 more agreed sources or saved searches and up to 10 more written briefs per month.
- We confirm units before work and correct our errors without charging units. Your team retains final price, representations, approvals, signatures, and Government or prime submission.
- Additional reporting engagement: \$500 per month. DLA supplier programs, Controlled Work for controlled unclassified or covered defense information, and an entirely new repeatable workflow are priced separately.
- Published prices assume a 12-month agreement. The paid service year starts at the billing event below. Unused units do not roll over; they reset on the anniversary. Lead times and cancellation follow the signed schedule.

HOW BILLING STARTS: There is no setup fee. Monthly billing begins only after you approve the first finished response, report, or written brief for a matching opportunity, or use it for the work it was delivered to support.

BOOK A 20-MINUTE FIT CALL

Tell us which work you want handled and the volume you expect. We will confirm the right plan, unit values, and service boundary before work begins.
